Purpose of Meeting:

The Workgroup will discuss and review the Site Selection Matrix for the Eastern and Southern Zones and provide nominations for High Priority sites in this area for the development of additional Geographic Response Strategies. The project managers would like to complete the GRS site surveys this summer, which will allow for GRS development this year. The group will also discuss the proposed survey in September and activities that need to take place to facilitate the survey.

Prior to the meeting, participants are encouraged to review the [Kodiak GRS web](#) site and to have a list of sites to nominate for discussion. Candidate sites for the Southern and Northern Zones are available on the [KGRS Site Selection Matrix](#).

After the morning session, the group will address issues related to the sensitive areas workgroup and the updating of the Subarea Contingency Plan.

Attendees: ADEC, PWSRCAC, CIRCAC, DOI, ADF&G, ADNRR, NPS, Tesoro Alaska, USCG, City of Kodiak, Kodiak Island Borough, Sun'aq Tribe of Kodiak, Nuka Research,
